Offer Letter from Sama Digital Foundation

Dear Ganesh Pradip Pawar

Greetings from Sama.

We are delighted to inform you that, after reviewing your application and conducting subsequent interviews, you have been selected for the role of **Backend Developer Intern**. We're excited about this journey together! Kindly take a moment to review the comprehensive specifics of the role, as mentioned below.

Position Title: Backend Developer Intern

Reporting To: Product Lead / as assigned by NG

Role: As the **Backend Developer Intern**, your role will involve the following:

Key Responsibilities

- Design, develop, and maintain scalable backend applications using Python.
- Build and optimize RESTful APIs using FastAPI or similar frameworks.
- Develop integrations with third-party services and AI/LLM providers.
- Design and manage databases, write efficient SQL queries, and optimize application performance.
- Build backend systems that support AI-powered features such as chatbots, agents, and document processing workflows.
- Collaborate with frontend developers, product teams, and AI engineers to deliver end-to-end solutions.
- Participate in deployment, monitoring, and maintenance of production systems.
- Write clean, maintainable, and well-tested code following industry best practices.

Compensation: ₹15,000 per month (TDS to be deducted as per applicable laws). You will be required to raise an invoice before the 25th of every month for timely processing of payments.

Date of Joining: 29th June 2026

Work Location: Remote

Working Hours: 8 hours per day

Working Days and Leaves: Monday to Friday, the first, third, and fifth Saturday are working days, with 8 hours a day. As a young organisation in a growing phase, the work sometimes may extend to days of leave beyond regular office hours. However, we value healthy boundaries and balances and trust you to prioritise with ownership, honesty, and kindness.

Review Period: This is a 3-month Probationary period

Notice Period: 30 Days

Sama Digital Foundation

Termination Clause: The employer reserves the right to terminate the agreement with one week's notice/immediate termination on the grounds of breach of trust, gross misconduct, non-performance, or project closure unless otherwise negotiated with the employer. If the consultant wants to discontinue, they have to serve the notice period as mentioned in the agreement.

Discomfort/Dispute Reporting: Safety, in all forms, be it emotional, social, or physical, is crucial, and in case of any discomfort or dispute, feel free to discuss it with any team member openly. We believe that alignment of personal values and deriving a sense of meaning at work adds to the joy of working, and we would encourage you to openly share any concerns, disputes, or grievances with our People-and-Culture team or any other senior member you feel comfortable with.

Sensitive Data: All sensitive information and data must be handled as confidential unless expressly permitted otherwise. Safeguarding sensitive data is crucial to maintaining privacy, security, and compliance with relevant regulations or policies.

Non-Compete: There are no non-compete laws. We trust you to use your knowledge for the right use. We encourage you to share the same with as many organisations as possible toward a cooperative ecosystem. There are no restrictions against hiring current employees on your departure or engaging with the existing partners for your new work – as long as the sensitivity of the data is preserved in line with our commitments to the partners.

We look forward to your acceptance. Kindly return the duplicate copy of this offer duly signed within three days of receiving the letter. If you have questions, please do not hesitate to reach out to us.
